

CONGRATULATIONS

Viking Landscaping has been selected as the 2019 Consumer Choice Award winner in the category of **LANDSCAPE CONTRACTOR** in the **Winnipeg** area.

According to independent market research, the consumers and businesses in your community have selected your company as the top service provider in your industry.

Since 1987, Consumer Choice Award's (CCA's) mission has been to recognize and promote local businesses and help consumers make better choices.

Today, the CCA brand is acknowledged as the symbol of business excellence all across Canada. Each year, from coast-to-coast, hundreds of companies like yours proudly celebrate being chosen for this honour. Consumer Choice Award is fortunate to align its brand with Canada's best companies in a wide range of industries.

Consumer Choice Award recognizes organizations that truly represent their city. The selection process allows only one vote per person. It does not involve industry insiders or advocacy groups of any kind. Data from multiple reliable sources is compiled to produce the final results.

No other award in North America measures the opinions of consumers and business owners in a given city to the extent that CCA does.

You are now part of a very select group of companies recognized for their business excellence.

In each market there is only one winner per category. These winners are selected using four key measures:

1. QUALITY of the products or services provided
2. VALUE of the products or services provided
3. APPEARANCE of the business
4. OVERALL SERVICE provided

This award is exclusively yours.
We are pleased to welcome you to:

“The Winners’ Circle”

Consumer Choice Award - Recognition you can trust

real votes.
real winners.
